

LITTLE BUCKEYE Imagination Session at The Dawes Arboretum

Learn with a group as the creative educators at The Dawes Arboretum bring families closer to the wonders of the natural world. These programs, designed for children ages 3 to 8, keep the body moving and the brain exercising as science is combined with games, crafts, stories and music. Sessions are conducted from 2 to 3pm on Wednesdays (June through August 9). The program is free and registration is not required.

Wednesday, June 6 *Amber Waves of Grain*

Test out an edible plant that can be used for making music and for dancing.

Wednesday, June 13 *Critters at Night*

Take a closer look at our specimens. Imagine yourself as a critter at night.

Wednesday, June 20 *Tiny Trails*

Create a park for miniature wildlife.

Wednesday, June 27 *Tree Puzzles*

Can you figure out which is which?

Wednesday, July 11 *Garden Fairy House*

Build an enchanting miniature home within our lovely landscape.

Wednesday, July 18 *Senses Seek and Find*

Use all of your senses to search throughout the gardens.

Wednesday, July 25 *What Can Water Do?*

We need water for drinking, but see how it can do so much more.

Wednesday, August 1 *The Three R's*

Reducing, reusing and recycling are all just fun and games—and crafts!

Wednesday, August 8 *Wildlife Clues*

Search for clues to figure out which animal is the thief.

Check out our online calendar at dawesarb.org for more exciting opportunities!
